Hi,

Our hours of operation are 6:30am to 5:30pm. I can accommodate your schedule. The job site with the thaw and freeze is full of ice or wet. Would suggest you wear waterproof boots. I have extra ice cleats for visitors boots which is a required PPE to be on the site at the moment.

Cliff Boyd

I can be there whatever time works for you guys, but afternoon would give me a chance to get up there, so just let me know what is most convenient for you guys.

Jeni

Jeni-  
You're welcome to come tour on 3/13/17. What time do you expect to arrive? Cliff Boyd of Calbag Resources will be here and can show you the demolition activities

Steve Wright

Steve and John-

I also work with our Haz Waste program so have additional interest in the demolition side of things as well. Anything you could show me would be great.

**Subject:** Possible tour of CFAC

Steve,

Jeni Flatow, who is DEQ's Public Information Officer for DEQ's Remediation Division, is going to be in the Kalispell/Columbia Falls area on March 13, and wondered if she could get a tour of CFAC (or at least as much of it as is accessible!). I have included her on this email to facilitate any coordination needed.

Thanks for your consideration of this!
